PATENT

Atty. Dkt. No.: 4001.002282

In accordance with 37 C.F.R. §§ 1.97(g),(h), this Supplemental Information Disclosure Statement is not to be construed as a representation that a search has been made, and is not to be construed to be an admission that the information cited is, or is considered to be, material to patentability as defined in 37 C.F.R. § 1.56(b).

A first Official Action reflecting examination on the merits has been received in the present application. However, this Supplemental Information Disclosure Statement is being filed prior to the mailing of a final Official Action, notice of allowance or an Action that closes prosecution, and is timely filed in accordance with 37 C.F.R. § 1.97(c) without a fee in light of the following information.

Applicants first certify, in accordance with 37 C.F.R. § 1.97(e)(1), that the three listed scientific references were each cited in a communication from a foreign patent office in a related foreign application not more than three months prior to the filing of the present statement. Specifically, the three scientific references were cited in a communication mailed from the European Patent Office on October 23, 2001. In any event, these three references are believed to be cumulative over prior art already of record.

The listed U.S. patent was not cited in a communication from a foreign patent office in a counterpart foreign application, but only issued on November 06, 2001, and could not have been known to the applicants prior to that date. The application from which the patent issued has already been disclosed to the Office, the patent is cumulative over co-pending applications already of record, and issued from a co-pending application that has the same effective filing date as the present case, and so cannot be considered as "prior".

No fees should be due in connection with the filing of this Supplemental Information Disclosure Statement. However, should any fees under 37 C.F.R. §§ 1.16 to 1.21 be deemed necessary, the Examiner should contact the undersigned representative to discuss deduction from Williams, Morgan & Amerson Deposit Account No. 50-0786/4001.002282.

Respectfully submitted,

Shelley P.M. Fussey
